

TAISHAN FIBERGLASS INC.

Dawenkou Industrial Zone, Taian City, Shandong Province, P.R. China

CERTIFICATE OF ANALYSIS

J308-697

Product Name	短切纤维-离线短切纤维短切纤维-离线短切纤维-438G	Test By	TAISHAN FIBERGLASS INC.
Item Number	TCR438G-13-4.5	Sampled From	Production Plant
Product Code		Product Grade	A
Production Date	20240704	Purchase Order No.	
Barcode Number		Container No.	
Lot No			
Lot Capacity	20000.000 KG	L/C No.	

General Data:

Glass Type	TCR - Glass	Filament Diameter	
Color	White	Sizing	Silane

Properties For Control Report:

Test Items	Accepted Standards		Test Results	
	Testing Standard	Standard Value	Average Value	Result
Moisture content(%)	GB/T 9914.1 idt ISO 3344	≤ 0.05	0.01	PASS
Loss on ignition(%)	GB/T 9914.2 eqv ISO 1887	0.50 ± 0.15	0.52	PASS
Chopped Length(mm)	Q/0900TTG 008	4.5 ± 1.0	4.67	PASS
Fibre diameter(μm)	GB/T 7690.5 idt ISO 1888	13.0 ± 1.0	13.26	PASS
Variation coefficient of fiber diameter(%)	GB/T 7690.5 idt ISO 1888	≤ 13	7.34	PASS
Appearance	Q/0900TTG 008	Refer to Q/0900TTG 008	/	PASS

Test Conclusions:

- Confirmed to all above specification

I hereby certify that the results above were obtained on the material referenced according to Taishan Fiberglass Inc. test procedures and frequency.
Certified by Quality Control Laboratory

Data Operator: Wang Lili

Approval By: Sun Xue

Date: 2024/7/13

NOTE:

Disclaimer: The information given herein is not applicable to material graded as 'B'. The data obtained is based on the actual laboratory tests conducted either by Taishan Fiberglass Inc. or an approved laboratory and believed to be reliable information. The user is expected to test suitability of this product for the end use applications before commencing production. In no event shall Taishan Fiberglass Inc. be liable for any consequential, incidental, or indirect damages.
