号

The product name	Short-cut fibre - Off-line short-cut fibre - Off-line short-cut fibre -435N	Inspection department	Taishan Glass Fiber Co., LTD
specifications	ECS10-3.0-T435N	Sample source	The production workshop
The date of production	20220429	Product level	A
Batch number			
shipments		Amount of sampling	3

The basic features

Glass types	Non-alkali glass	Fiber diameter	
Glass color	white	浸润剂类型	Type of wetting agent

Testing data

The test items	Control standards		Test results	
	Test standard	Standard values	The average	conclusion
Moisture content (%)	GB/T 9914.1 idt ISO 3344	≤ 0.05	0.01	qualified
可燃物含量(%)	GB/T 9914.2 eqv ISO 1887	0.45 ± 0.15	0.45	qualified
Fuel content (%)	Q/0900TTG 008	3.0 ± 1.0	3.45	qualified
Fiber diameter (μm)	GB/T 7690.5 idt ISO 1888	10.0 ± 1.0	10.75	qualified
Fiber diameter variation coefficient (%)	GB/T 7690.5 idt ISO 1888	≤ 13	5.21	qualified
Appearance quality	Q/0900TTG 008	见Q/0900TTG 008 规定	/	qualified

Detection conclusion

After inspection, this product conforms to Q/0900 TTG008-2020 standard requirements, qualified.

This is to certify that the above results are obtained according to the test procedures and frequency currently used by Taishan Glass Fiber Co., LTD.

Certified by quality management department.
