Reading (10 points) Most people know that not getting enough sleep is not healthy. But is it possible to get too much sleep? Most doctors and scientists seem to think so. In fact, too much sleep can make people feel even more tired than getting a normal long night's sleep. Doctors recommend that people get between seven and nine hours of sleep a night. If a person still feels tired after eight or nine hours of sleep, however, more sleep is not the answer. In fact, sleeping more than nine hours a night may be a sign of a medical problem. When people sleep too long, they might not get enough sunlight or exercise, and their bodies may tell them that they need more rest. This can make people's bodies weaker, and they may catch colds or even get other, more serious diseases more easily. Some scientific studies have shown that people who sleep more than nine hours a night are 50% more likely to get diabetes, and more than 20% more likely to be fat. Too much sleep has also been linked to having more headaches, back pain, depression, and even heart disease. Choose the best answer 41. What is this passage about? A. How to fall asleep quickly S. How to have a long sleep C. Getting too much sleep D. Getting too little sleep 42. According to the passage, what is a best amount of sleep per night? A. 6–7 hours B. 7–9 hours C. 9–10 hours D. More than 10 hours True/False 43. We understand from the passage that sleeping too much can make a person feel more tired. a) True b) False 44. According to the passage, sleeping more than nine hours a night makes your body fight diseases better. a) True b) False Answer the question. 45. What sign may sleeping more than nine hours be? The Internet has become an important part of our modern lives. In fact, it is impossible for marry people to imagine a day without some contact with the Internet. Most people use the Internet to shop, send e-mail, and for social networking. However, some people find it hard to control how much time they spend online.

So, how much Internet is too much Internet? Experts agree that people who use the Internet so much that it causes problems with their daily activities are spending too much time online. They agree that some people may actually be addicted to the Internet in much the same way as some people are addicted to drugs or alcohol. Signs of Internet addiction include spending more and more time online, reducing or giving up social, work-related, or hobby-related activities in favor of spending time online, and giving up sleep to spend time on the Internet.

Experts say that this becomes a real problem when a person starts experiencing problems sleeping, problems in their home and work life, and problems in having good social relationships. People who use the Internet excessively also seem to be more likely to show signs of depression.

How do you know if you are spending too much time online? Some common warning signs include checking your e-mail every few minutes, always thinking about your next online session, and getting complaints from the people around you about how much time you spend online. And all these are signs of internet addiction.

So, how much Internet is too much Internet? Experts agree that people who use the Internet so much that it causes problems with their daily activities are spending too much time online. They agree that some people may actually be addicted to the Internet in much the same way as some people are addicted to drugs or alcohol. Signs of Internet addiction include spending more and more time online, reducing or giving up social, work-related, or hobby-related activities in favor of spending time online, and giving up sleep to spend time on the Internet.

Experts say that this becomes a real problem when a person starts experiencing problems sleeping, problems in their home and work life, and problems in having good social relationships. People who use the Internet excessively also seem to be more likely to show signs of depression.

How do you know if you are spending too much time online? Some common warning signs include checking your e-mail every few minutes, always thinking about your next online session, and getting complaints from the people around you about how much time you spend online. And all these are signs of internet addiction.
